

Covid update

As expected the government has given the green light to one-day festivals and other events from June 26. All guests will have to prove they have either been vaccinated or have a negative coronavirus test from one of the nationwide network of 'test for entry' centres. More information can be found at www.coronacheck.nl
FOR THIS EVENT YOU REQUIRE A VALID PROOF OF ENTRANCE.

This can be obtained by one of the following options:

1. A Negative Corona Quick Test. The result of this test is only valid within 40 hours between the Test Result and the start of the Event. How does this work? First of all, you have to make an appointment at <https://testenvoortoegang.org>. The Quick Test (different from a PCR test) is FREE and you will have the result within the hour.

This test is available for every European Citizen. Thereafter you have to download the CoronaCheck App in your app store and if your Quick Test result is NEGATIVE you'll receive a unique code by email.

This unique code can be turned into a QR code in the CoronaCheck app that can be scanned at the entrance of the event. It's important to have a valid Identification with you. You can use this code for multiple events within 24 hours period after the negative test result.

2. By proof of Vaccination. From the 24th of June, the Digital Corona Certificate will be introduced in the CoronaCheck app. You can acquire a QR code by filling in the code that you get after vaccination in your CoronaCheck app.

HOW TO ACCESS THE EVENT?

In addition to your admission ticket, you must also show your corona admission ticket in the CoronaCheck app or in print.

When you receive your negative test result as an email, it will contain a unique code.

With this code, you can convert your test result into a corona admission ticket in the form of a QR code in the CoronaCheck app or via www.coronacheck.nl.

You then have your QR code scanned in the CoronaCheck app or via your printed corona admission ticket at the entrance of our event. Is your QR code valid? Then you can go in.

More information can be found at www.coronacheck.nl. For further questions, please contact the CoronaCheck Helpdesk on 0800-1421 or helpdesk@coronacheck.nl. The helpdesk is available from Monday to Sunday from 8 a.m. to 8 p.m."
